Lite Clearvue Transparent Showcases are simple yet stylishly designed display products with square corners. The transparent showcases also have removable doors and protective glass. The showcase boxes are constructed from steel finish with white powder coating for durability. Custom options such as colours can be requested as well as branding and logos. The displays have USB and HDMI inputs as standard and customers have the option to upgrade the displays to have an android board with a touchscreen and speakers. Our standard touch is high accuracy scattered ten point touch Infrared (IR) technology but PCAP touch is available on request as a semi-custom solution.

HIGH QUALITY TRANSLUCENT SHOWCASE RANGE

TRANSPARENT MULTI TOUCH LCD SHOWCASES

Premium Transparent Showcases

Inspire customers with our unique and innovative premium transparent showcases, the ultimate display for mixing rich digital content with physical products to create an immersive customer experience. Stylish, curved aluminium enclosures for ultimate durability.
