

# **Industrial Panel PC Product Range Overview Sep 2021**

FOUR GENERATIONS

# INDUSTRIAL PC

Industrial tablet computers are suitable for various industries such as MES systems, automation equipment, terminal computing, human-computer interaction, and the Internet of Things.

## RICH INTERFACE

## SHOW CASE

Dust-free workshop

Data collection

Industrial production

Automated production

Lathe processing

Human-computer interaction

Internet of Things

CNC operation

All-aluminum body, using customized molds, front and rear aluminum die-casting molds, one-time die-casting, the structure is more standard, and the whole is more compact.

High and low temperature resistant design, through a controllable temperature test, the product can adapt to temperatures from -20℃ to 55℃, and can be used normally even in harsh environments.

9-36V wide voltage design, effective against unstable voltage environment. With the addition of battery ring anti-jamming electrical components, the whole machine can reach EMC anti-jamming standards.

### Configuration information

CPU: Intel® Pentium 3558U (upgradeable)  
Memory: DDR3 4G (upgradeable)  
Hard disk: SSD 64G (upgradeable)  
Optional size: 10.4 / 12.1 / 15/17/19  
Display brightness: 300cd/㎡  
Touch mode: 10-point capacitive touch

## THIRD GENERATION INDUSTRIAL PC

Application industry:

Intelligent manufacturing, the best hardware solution for ERP/MES

Data collection of people, machines, objects, etc. (RFID/scan code, I/O automatic collection)

Production reporting, QC inspection, process drawings, etc. achieve braking and paperless

Intelligent control of machining equipment, HMI human-machine interaction

## RICH INTERFACE

## INSTALLATION METHOD

Wall mount

Folding bracket

Desktop stand

Bayonet installation

### Configuration information

CPU: Intel® Celeron N2830 (upgradeable)  
Memory: DDR3 4G (upgradeable)  
Hard disk: SSD 64G (upgradeable)  
Optional size: 10.4 / 12.1 / 15/17/19  
Display brightness: 300cd/ m<sup>2</sup>  
Touch mode: 10-point capacitive touch

# VERTICAL DIGITAL SIGNAGE

Vertical advertising machine is suitable for supermarkets, subways, airports, convenience stores, jewelry stores, clothing stores, and other stores

## CLOUD SERVICE

No matter where you are, as long as you have a network, you can remotely publish programs, delete programs, restart and other operations

## SPLIT SCREEN PLAYBACK

Full screen

Two split screen

Three split screen

Support multiple split-screen modes, loop playback, even in offline mode, there are multiple built-in split-screen templates

### Android configuration information

CPU: Android RK3288 (upgradeable)  
RAM: 2G (upgradeable)  
ROM: 32G (upgradeable)  
Optional size: 32 / 43 / 49 / 55 / 65 / 75 / 86 / 98  
Display brightness: 300cd/m<sup>2</sup>  
Touch mode: infrared / capacitive touch

### PC configuration information

CPU: Intel® Dual core (upgradeable)  
Memory: DDR3 4G (upgradeable)  
Hard disk: SSD 64G (upgradeable)  
Optional size: 32 / 43 / 49 / 55 / 65 / 75 / 86 / 98  
Display brightness: 300cd/m<sup>2</sup>  
Touch mode: infrared / capacitive touch

### Capacitive touch

Customizable G + G, G + F, water-proof touch, glove touch, 10-60 point touch

### Infrared touch

10~40 point touch can be customized, support fine pen handwriting, smooth touch

# WALL-MOUNTED ADVERTISING PLAYER

Wall-mounted advertising player is suitable for hotels, restaurants, fast food restaurants, supermarkets, subways, airports, convenience stores, jewelry stores, clothing stores and other shops

## SHOW CASE

Restaurants

Cinemas

Exhibitions

Banks

Hospitals

Government Agencies

### Android configuration information

CPU: Android RK3288 (upgradeable)  
RAM: 2G (upgradeable)  
ROM: 32G (upgradeable)  
Optional size: 15.6 / 18.5 / 21.5 / 23.6 / 27 / 32  
43 / 50 / 55 / 65 / 75 / 86 / 100  
Display brightness: 300cd/m<sup>2</sup>  
Touch mode: infrared / capacitive touch

### PC configuration information

CPU: Intel® Dual core (upgradeable)  
Memory: DDR3 4G (upgradeable)  
Hard disk: SSD 64G (upgradeable)  
Optional size: 15.6 / 18.5 / 21.5 / 23.6 / 27 / 32  
43 / 50 / 55 / 65 / 75 / 86 / 100  
Display brightness: 300cd/m<sup>2</sup>  
Touch mode: infrared / capacitive touch

#### 1.Cloud service

No matter where you are, as long as you have a network, you can remotely publish programs, delete programs, restart and other operations

#### 3.Capacitive / infrared touch

Capacitive or infrared touch can be customized, default 10 points touch, touch sensitive

#### 2.Split screen playback

Support multiple split-screen modes, loop playback, even in offline mode, there are multiple built-in split-screen templates

#### 4.Horizontal / vertical screen Switch at will

Switch between landscape or portrait mode according to the situation to flexibly respond to various scenarios

# BAR TYPE LCD DISPLAY

Our BAR type LCDs have an ultra wide aspect ratio. With the development of science and technology, the use of bar type screens is becoming more popular and are a growing trend in retail shelves, buses, subways, airports, hospitals, banks, and more.

## FEATURES

### 1.Cloud service

No matter where you are, as long as you have a network, you can remotely publish programs, delete programs, restart and other operations

### 2.Split screen playback

Support multiple split-screen modes, loop playback, even in offline mode, there are multiple built-in split-screen templates

### 3.Horizontal / vertical screen Switch at will

Switch between landscape or portrait mode according to the situation to flexibly respond to various scenarios

## SHOW CASE

Showcase

Store shelves

Metro Airport

Counters

# OUTDOOR ADVERTISING DISPLAY

Electronic displays can display more content than static displays and are suitable for: shops, bars, restaurants, clothing stores and more.

## APPLICATION SCENARIOS

### Android configuration information

CPU: Android RK3288 (upgradeable)  
RAM: 2G (upgradeable)  
ROM: 32G (upgradeable)  
Optional size: 43 / 49 / 55 / 65 / 75 / 85 / 100  
Display brightness: 2500cd/m<sup>2</sup>  
Touch mode: Customizable capacitive touch  
Installation method: Wall-mounted / floor

### PC configuration information

CPU: Intel® Dual core (upgradeable)  
Memory: DDR3 4G (upgradeable)  
Hard disk: SSD 64G (upgradeable)  
Optional size: 43 / 49 / 55 / 65 / 75 / 85 / 100  
Display brightness: 2500cd/m<sup>2</sup>  
Touch mode: Customizable capacitive touch  
Installation method: Wall-mounted / floor

### 1. Cloud service

No matter where you are, as long as you have a network, you can remotely publish programs, delete programs, restart and other operations

### Adaptive brightness adjustment

The machine is equipped with a photosensitive camera, which can automatically adjust the screen brightness according to changes in light

### 3. Waterproof and dustproof

In order to cope with the outdoor environment, the outdoor advertising player has good waterproof and dustproof performance

### 4. High and low temperature resistant design

The outdoor advertising machine can work normally in the environment of -40°C to 55°C
